

The COST Training school and workshop will be held in Atrion Hotel

How to reach Atrion Hotel from the airport:

***Using a bus:** Take any bus from the airport, except bus line 5. The bus stop in the city center where you should get off is “Eleftherias” square. The bus stop is outside a cinema. To the right of the cinema, follow “Daidalou” street, until you meet the Lion's square. You find the Theotokopoulos park on your right. You take the “Minotayrou” street left to the park and you will see Atrion on your right after 200 meters.

***Using a taxi:** There are always taxis available at the airport. The cost should not exceed 10 €.

***By car:** Take the road that leads to Heraklion (keeping the sea at your right). At the third traffic light turn right, taking the road that leads to the port. Then turn left (keeping the sea at your right). Continue 1500 meters/one mile along the seaside road. You will then see the old Venetian port on your right. Continue another 400 meters (0.3 miles) and you will encounter the Dominican Monastery of St. Peter, on your left. Carefully turn immediately left (it's like a U - turn with the Monastery in its center), and then turn right, to Chronaki street. The hotel is straight ahead, at your left side.
